

If You Were Exposed to COVID-19 And Will Interact With A Principal...

This checklist serves as a reference for individuals who are identified as a close contact to someone with a suspected or confirmed case of COVID-19 and interact with a Principal

If you are **identified as a close contact** of someone with a suspected or confirmed COVID-19 infection **and** you may **interact with a Principal**, you should:

	Fully Vaccinated Close Contacts	Not Fully Vaccinated Close Contacts
 Get Tested	Stay home and get tested 5 – 7 days after exposure.	Stay home. Get tested immediately after being identified as a close contact and again 5 – 7 days after exposure if the initial test was negative.
 Wear A Mask	Keep your community safe. Wear a mask indoors in public for 14 days following exposure or until test results are negative.	Keep your community safe. Wear a mask at all times.
 Minimize Contact	The DOC requires individuals to telework for a minimum of 5 days and individuals cannot return on-site until they receive a negative antigen or PCR COVID-19 test.	Quarantine for 14 days from the date of last known exposure and telework until you receive a negative COVID-19 test.
 Monitor Symptoms	Monitor symptoms and seek emergency medical care if displaying any emergency warning signs.	

*The DOC defines a close contact as someone who was less than 6 feet away from an infected person for a cumulative total of 15 minutes or more over a 24-hour period.
